

Causality and Complementarity: Supplementary Papers

The Philosophical Writings of Niels Bohr · Volume IV

Niels Bohr

The Philosophical Writings of Niels Bohr, Volume IV.

Ed. Jan Faye and Henry J. Folse. Woodbridge, Conn.: Ox Bow Press, 1998.

An independent selection: it is NOT a translation of Philosophia's Bind
IV.

Contents

Maxwell and Modern Theoretical Physics	3
Chemistry and The Quantum Theory of Atomic Constitution	4
Atomic Stability and Conservation Laws	5
Can Quantum-Mechanical Description of Physical Reality Be Considered Complete?	6
Causality and Complementarity	7
Analysis and Synthesis in Science	8
The Causality Problem in Atomic Physics	9
On the Problem of Measurement in Atomic Physics	10
Newton's Principles and Modern Atomic Mechanics	11
Atomic Physics and International Cooperation	12
Problems of Elementary-Particle Physics	13
On the Notions of Causality and Complementarity	14
Medical Research and Natural Philosophy	15
Physical Science and the Study of Religions	16
Address at the Opening Ceremony: Seventh International Congress of Radiology	17
Mathematics and Natural Philosophy	18
Physical Science and Man's Position	19
Quantum Physics and Biology	20
Physical Models and Living Organisms	21
Address at the Second International Germanist Congress	22

Maxwell and Modern Theoretical Physics

1931

First published: *Nature* 128 (1931) 691–692. doi:10.1038/128691a0;
doi:10.1016/s1876-0503(08)70348-7

In this edition: Ox Bow Press, 1998, pp. 25–28

Chemistry and The Quantum Theory of Atomic Constitution

1932

First published: Faraday Lecture to the Chemical Society, Salter's Hall, 8 May 1930. *J. Chem. Soc.* (1932) 349–384. doi:10.1039/jr9320000349; doi:10.1016/s1876-0503(08)70350-5

In this edition: Ox Bow Press, 1998, pp. 29–61

Atomic Stability and Conservation Laws

1932

First published: Atti del Convegno di Fisica Nucleare della "Fondazione Alessandro Volta", Ottobre 1931, Reale Accademia d'Italia, Rome 1932, pp. 119–130. doi:10.1016/s1876-0503(08)70456-0

In this edition: Ox Bow Press, 1998, pp. 62–72

Can Quantum-Mechanical Description of Physical Reality Be Considered Complete?

1935

First published: *Phys. Rev.* 48 (1935) 696–702. doi:10.1103/PhysRev.48.696;
doi:10.1016/s1876-0503(08)70375-x

In this edition: Ox Bow Press, 1998, pp. 73–82

Causality and Complementarity

1937

First published: Philosophy of Science 4 (1937) 289–298. doi:10.1086/286465;
doi:10.1016/s1876-0503(08)70195-6

In this edition: Ox Bow Press, 1998, pp. 83–91

Analysis and Synthesis in Science

1938

First published: International Encyclopedia of Unified Science 1 (1938) 28.

doi:10.1016/s1876-0503(08)70197-x

In this edition: Ox Bow Press, 1998, pp. 92–93

The Causality Problem in Atomic Physics

1938

First published: New Theories in Physics, International Institute of Intellectual Co-operation, Paris 1939, pp. 11–30. doi:10.1016/s1876-0503(08)70376-1

In this edition: Ox Bow Press, 1998, pp. 94–121

On the Problem of Measurement in Atomic Physics

1946

First published: Festschrift til N.E. Nørlund, Ejnar Munksgaard, Copenhagen 1946, pp. 163–167.

doi:10.1016/s1876-0503(08)70438-9

In this edition: Ox Bow Press, 1998, pp. 122–125

Newton's Principles and Modern Atomic Mechanics

1946

First published: The Royal Society Newton Tercentenary Celebrations, 15–19 July 1946, Cambridge University Press, Cambridge 1947, pp. 56–61. doi:10.1016/s1876-0503(08)70263-9

In this edition: Ox Bow Press, 1998, pp. 126–131

Atomic Physics and International Cooperation

1946

First published: Address at the National Academy of Sciences symposium *Present Trends and International Implications of Science*, Philadelphia, 21 October 1946. *Proc. Am. Phil. Soc.* 91 (1947) 137–138. doi:10.1016/s1876-0503(08)70399-2

In this edition: Ox Bow Press, 1998, pp. 132–135

Problems of Elementary-Particle Physics

1946

First published: Report of an International Conference on Fundamental Particles and Low Temperatures, Cavendish Laboratory, Cambridge, 22–27 July 1946, Vol. 1, The Physical Society, London 1947, pp. 1–4. doi:10.1016/s1876-0503(08)70369-4

In this edition: Ox Bow Press, 1998, pp. 136–140

On the Notions of Causality and Complementarity

1948

First published: *Dialectica* 2 (1948) 312–319. doi:10.1111/j.1746-8361.1948.tb00703.x;
doi:10.1016/s1876-0503(08)70378-5

In this edition: Ox Bow Press, 1998, pp. 141–148

Medical Research and Natural Philosophy

1952

First published: Acta Medica Scandinavica (Suppl.) 142 (1952) 967–972.

doi:10.1016/s1876-0503(08)70198-1

In this edition: Ox Bow Press, 1998, pp. 149–154

Physical Science and the Study of Religions

1953

First published: Studia Orientalia Ioanni Pedersen Septuagenario, Ejnar Munksgaard, Copenhagen 1953, pp. 385–390. doi:10.1016/s1876-0503(08)70215-9

In this edition: Ox Bow Press, 1998, pp. 155–160

Address at the Opening Ceremony: Seventh International Congress of Radiology

1954

First published: Acta Radiologica (Suppl.) 116 (1954) 15–18. doi:10.1016/s1876-0503(08)70199-3

In this edition: Ox Bow Press, 1998, pp. 161–163

Mathematics and Natural Philosophy

1956

First published: *The Scientific Monthly* 82 (1956) 85–88. jstor:22079;
doi:10.1016/s1876-0503(08)70439-0

In this edition: Ox Bow Press, 1998, pp. 164–169

Physical Science and Man's Position

1955

First published: Address at the opening session of the UN conference *Peaceful Uses of Atomic Energy*, Geneva, August 1955. *Ingeniøren* 64 (1955) 810–814. doi:10.1016/s1876-0503(08)70201-9

In this edition: Ox Bow Press, 1998, pp. 170–179

Quantum Physics and Biology

1960

First published: Symposia of the Society for Experimental Biology XIV: Models and Analogues in Biology, Cambridge 1960, pp. 1–5. doi:10.1016/s1876-0503(08)70204-4

In this edition: Ox Bow Press, 1998, pp. 180–185

Physical Models and Living Organisms

1961

First published: W.D. McElroy and B. Glass (eds.), *Light and Life*, The Johns Hopkins Press, Baltimore 1961, pp. 1–3. doi:10.1016/s1876-0503(08)70205-6

In this edition: Ox Bow Press, 1998, pp. 186–188

Address at the Second International Germanist Congress

1960

First published: Copenhagen, 22 August 1960. *Spätzeiten und Spätzeitlichkeit*, Francke Verlag, Bern 1962, pp. 9–11. doi:10.1016/s1876-0503(08)70206-8

In this edition: Ox Bow Press, 1998, pp. 189–191
